## Customer Safety Information Notification Verification

**It's our duty and desire to provide you with safety information about propane. Your signature below will verify that we have provided you with safety information about the dangers of propane. Please take a moment to review this important information with your family. We are always available to answer your questions about propane safety.**

I can recognize the smell of propane gas and I know what to do if I smell gas.

I know how to turn off the gas in case of an emergency.

I realize propane is flammable and can be explosive.

I have reviewed and understand the safety information provided to me.

X \_\_\_\_\_ (initial here)

**The above statements are true to the best of my knowledge.**
