

Washington Carbon Costs Exemption/Reimbursement Forms

Washington Climate Commitment Act Resources

HOW DO I KNOW IF I AM EXEMPT?

Washington Dept. of Ecology Exemption Certificate (Optional)

Agricultural Purposes and Maritime Fuel Users

Form ECY 070-721

Instructions

Emissions from the following fuels are exempt from coverage under the Cap-and-Invest Program (Chapter 70A.65.RCW):

1. Emissions from “motor vehicle fuel or special fuel that is used exclusively for agricultural purposes by a farm fuel user”. RCW 70A.65.080(7)(e)(i). A “farm fuel user” is defined as a farmer or “a person who provides horticultural services for farmers, such as soil preparation services, crop cultivation services, and crop harvesting services.” RCW 82.08.865(e).
2. Emissions from fuels used to transport “agricultural products on public highways” for five years. RCW 70A.65.080(7)(e)(ii). Emissions from all types of trucks or vehicles used to transport agricultural products are exempt, including a truck or vehicle owned or operated by a “farm fuel user” and a truck or vehicle operated by a third party. Ecology is interpreting “public highways” to include public waterways. As a result, emissions from fuel used to transport agricultural products on a public waterway fall within this exemption.
3. Emissions from “watercraft fuels supplied in Washington that are combusted outside of Washington”. RCW 70A.65.080(7)(b).

This form will be retained in your customer file with Ag Supply Company of Wenatchee and should only be submitted once, pending any amendments from the WA Dept. of Ecology.

After submitting the certificate, please let your Ag Supply Company of Wenatchee representative (Sales Person, Office Staff, Driver, etc.) know that the delivery request is for fuel exempt from CCA when placing an order.
